

Support and Enrichment: Who We Are

Founded in 1988, South Lake Home Educators (SLHE) has been providing support, resources, and community for homeschooling families for over three decades. Our volunteer-led organization is administered by a dedicated board of directors and coordinators who are passionate about home education.

SLHE welcomes homeschooling families of all backgrounds, while operating according to Biblical principles and traditional, conservative family values. Most of our members register with the county, though some are enrolled in private schools designed for home educators.

When you join SLHE, you become part of a engaging community where families share experiences, advice, and educational resources. Members agree to uphold our Policies and Procedures and Expected Conduct guidelines, ensuring a respectful and supportive environment for everyone.

Mission Statement with a Purpose

SLHE is a volunteer-led support group providing resources for educational activities, communication, encouragement, fellowship, and information to homeschool families and those interested in homeschooling. SLHE exists to encourage home-educating families in the task of teaching their children at home. The group is administered according to Biblical principles, by a volunteer Board of Directors for its various functions and activities. We hold all participants to a standard of behavior consistent with conservative family values.
